

## **Did You Know...? *First U is a welcoming place.***

**February 21 & February 28, 2016**

Unitarian Universalists are some of the most welcoming people you can meet! We enjoy learning and worshiping with people of every ethnicity, gender identity and expression, sexual orientation, ability, and age.

You'll find people with diverse thoughts and ideas on spirituality here, too - atheists, Christians, neo-pagans, Humanists, Buddhists, and Jews - individuals from all of these theologies can be found worshiping together on Sunday mornings.

We hope you, too, will find your spiritual home here - one that is characterized by radical hospitality, hope, love, and justice.
