

## **Did You Know...?**

*In part, UUs are connected to one another by how much they care.*

April 17 & April 24, 2016

The Caring Connection here at First U provides support to members and friends in times of illness, medical emergency, birth, bereavement, or other life changes.

The warm embrace by this community as it lends a helping hand to those who are struggling is one of the ways that we live our Unitarian Universalist values.

If you need assistance, you can contact the Caring Connection coordinators Joan Guild or Nancy Reed, or Rev. Jennifer. If you want to be a helper, Joan and Nancy can help you determine which volunteer opportunities are right for you.
