

Did You Know...?
It takes a village to keep First U fiscally sound.
March 20 & March 27, 2016

In order to keep our current program offerings, the church budget requires \$150,000 annually. Last year the annual campaign raised \$130,000.

It was tough to face a \$20,000 deficit in our operating budget this past church year. That's the kind of math that no one enjoys!

We're confident, however, that this coming year First U will be fully funded by generous pledges from members and friends. Join us in our successful accomplishment of our goal by making your pledge today.
